Plants are divided into two groups Standard (most of the plants) and Premium (harder to grow plants or they have a PVR).  
 The plants are then priced by the tube or bag size. The more you buy, the more discount you get.

**Trade Customers** buy at the bottom rate (more than 1000 plant rate) even if buying less than 1000.

If you are buying more than 2000 or you want us to contract growing for you we may negotiate a better price.

For plant descriptions and quantities download the Descriptive Catalogue and Stock Catalogue from [www.alter-natives.co.nz](http://www.alter-natives.co.nz)
